

Explain the Evidence

Write a claim and one detail that supports it.

Name: _____

Date: _____

1. A table shows 12 bus riders and 7 walkers. Which group is larger?

2. The library books are returned weekly. Why is this useful?

3. Three plant pots got water daily, but one did not. What should we check before concluding why it grew less?

Ask an adult to check your thinking, not just the final answer.
